

THE NEW ENGLAND AIDS EDUCATION AND TRAINING CENTER PRESENTS:

HIV 101 for Oral Health Providers

Wednesday, March 20, 2024 ~ 12:00 - 1:00 pm ET

Emily Min, MD

Hepatitis and HIV Fellow
Family Health Center of Worcester

Julia Taylor, FNP-C

Hepatitis and HIV Fellow
Family Health Center of Worcester

This webinar will provide a basic overview of HIV as a chronic medical condition, describe prevention and post-exposure recommendations, and discuss opportunities for interprofessional collaboration.

Learning Objectives:

Upon completion of this session, participants will be able to:

- Review the state of HIV as a chronic medical condition, including transmission, pertinent lab monitoring, and common medications.
- Recognize oral manifestations of HIV.
- Identify tools for reducing HIV transmission such as Treatment as Prevention (U=U) and Post-Exposure Prophylaxis (PEP) and PrEP.

Continuing Dental Education:

OSAP is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at CCEPR.ADA.org.

OSAP designates this activity for 1 continuing education credit.

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between the Organization for Safety, Asepsis and Prevention (OSAP) and New England AIDS Education and Training Center (NEAETC).
