

ALL YOU WILL (EVER) NEED TO KNOW ABOUT HEPATITIS C: A PRIMER FOR THE PRIMARY CARE PROVIDER

DURANE WALKER, MD

ATTENDING PHYSICIAN, DIVISION OF INFECTIOUS DISEASES
ASSOCIATE FELLOWSHIP PROGRAM DIRECTOR, RESIDENT EDUCATION COORDINATOR
BAYSTATE HEALTH
ASSISTANT PROFESSOR, UMMS-BAYSTATE

Join us for a dinner program focused on the importance of screening, current treatments, and standards of care for Hepatitis C. By the conclusion of this program, participants will be able to:

- Describe the Hep C virus and how it is transmitted
- Describe the epidemiology of HCV in the US and locally
- Describe the clinical manifestations and natural history of HCV
- Recognize who to screen for HCV
- Review current HCV treatment guidelines
- Discuss HCV treatment and prevention strategies in the primary care setting
- Recognize “must-have” HCV resources

TUESDAY, OCTOBER 22ND
5:30 - 8:00PM
COUNTRY CLUB OF PITTSFIELD
639 SOUTH ST., PITTSFIELD, MA

Physician and nursing continuing education credits will be provided.
